Linaker Primary School and Children's Centre

New Ways To Communicate With Parents : ParentMail

We are always trying to improve the quality of the service we provide to parents in the school and the children's centre. Parents have often commented that they do not get letters or newsletters that have been sent out by us. As such we have now subscribed to ParentMail © - a system that allows us to communicate directly with parents via both e-mail and by text messaging. With this new system we will be able to send reminder messages or important information to parents via e-mail and text messaging.

In order to use ParentMail® we need to collect parent email addresses and mobile telephone numbers and would ask you all to complete the form below. Please be assured, the ParentMail® service is registered with the Data Protection Registrar and guarantees that all information supplied will be kept completely private. There is also NO advertising associated with the scheme.

Important - School messages will be sent from the email address messages@parentmail.co.uk Please make sure you add this address to your email address books (or approved sender list) in order to prevent messages being blocked by your SPAM/JUNK filters.

I would therefore ask you to complete the form below and return it to school as soon as possible so that we may begin to set up the service. If you have any questions, please do not hesitate to contact the school office who will advise you further.

Yours sincerely,

Colin Coleman
Headteacher

I am able / not able (please amend) to receive information and give / do not give permission for my email address & mobile no. to be registered with ParentMail®.

Parent Name(s) _____ / _____

Children's Name(s) _____ Class _____

_____ Class _____
