

Key Knowledge

A map to show the continents and oceans of the world

We live in the United Kingdom. The United Kingdom is in Europe.

I need to know -

- A continent is a very large area of land, partly or completely surrounded by water.
- Asia, Africa, North America, South America, Antarctica, Europe and Australia are the names of the seven continents.
- Antarctica is very cold and the land is covered in ice.
- The area around Antarctica is called the Southern Ocean.
- China, India and Japan are countries in Asia.
- The weather in Asia is very different in the North than the South.
- More than half of the Earth is seas and oceans.
- The five oceans are; The Arctic, Pacific, Indian, Southern and Atlantic.
- Animals travel by land, sea and air.
